Using the My Health Record in South Australia

Webinar Handout – August / September 2019

A brief overview on current participation and access in South Australia:

- SA Health status update
- Pathology and Diagnostic Imaging uploads
- Private Hospitals update
- Pharmacy registration and use

An update on works in progress:

- Specialist engagement
- Pharmacy Shared Medicines List

SA Health status update

Public hospital status registration located at: https://www.myhealthrecord.gov.au/about/who-is-using-digital-health/public-hospitals-and-health-services-connected-my-health-record

SA Health Approach – Key points

- Uploads by EPAS (Sunrise) or OASCIS in place
- Viewing platform enabled separate to the Clinical systems
- Access is only provided to Health Providers
- Access is registered through SA Health ICT infrastructure
- All use is monitored
- Users must be approved by their Department before being listed
- Access is revoked when a Health Provider leaves SA Health

Hospital Listing

Country Hospitals – viewing functionality

- All Country Sites as reported by SA Health

Hospital access – View and Upload Functionality	
Hampstead Rehabilitation Centre	Port Augusta Hospital
Flinders Medical Centre	Repatriation General Hospital* (Closed)
Glenside Hospital	Royal Adelaide Hospital
Lyell McEwin Hospital	The Queen Elizabeth Hospital
Modbury Hospital	St Margaret's Hospital
Mount Gambier Health Service	Women's & Children's Hospital*
Noarlunga Hospital	* Not using – other reasons

SA Health Guidelines for use of the My Health Record (MHR)

Located at: https://www.sahealth.sa.gov.au/wps/wcm/connect/public+content/sa+health+internet/clinical+resources/clinical+topics/communicating+for+safety

"Tool 2: Using the My Health Record in clinical communication" includes:

- MHR in SA Health
- Access to the MHR system for authorised users
- Use of MHR in clinical care
- Consent and MHR
- Discharge summaries
- Review and audit of the use of MHR
- Sharing and security of patient information

Pathology and Diagnostic Imaging uploads

Please note:

- Pathology results are only loaded for Patients REGISTERED for a My Health Record (MHR)
- If you DO NOT want the results to be uploaded – Please indicate on the referral form
- The default will be to upload the results to the MHR
- Results will still be sent to the Referrer as per current arrangements
- Patient cannot view their results on the record for 5 working days; that is the Referrer has 5 working days to notify the Patient of the results
- Results loaded to the MHR, will be visible to other providers from the day sent to the Referrer

Pathology overview

SA Pathology:

- Able to upload all results, across Metro and Country locations
- Will process any referral taken to their labs

ClinicalLabs (Healthscope and Gribbles):

- Uploading to the MHR
- Require an e-referral to upload to the MHR
- e-referrals can be configured with BP and Medical Director
- To set up configuration for e-referral, contact to local lab or online at: https://www.clinicallabs.com.au/doctor/results/ehealth-downloads/

Clinpath:

- Uploading upon receipt of e-referral
- e-referrals can be configured with BP and MD
- To set up configuration for e-referral, contact to local lab or online at: https://www.clinipathpathology.com.au/clinicians/online-tools/electronic-ordering/

Abbots Pathology:

- Working on upload functionality
- Will need to update referral forms

Diagnostic Imaging Overview

SA Health Diagnostic Imaging Services:

- Imaging reports are being uploaded from **ALL** SA Health Imaging locations
- This includes both Outpatient and Inpatient reports

Dr Jones and Radiology SA:

- In progress
- Promedicus software now compliant enabling action for connection

Benson Radiology

- Waiting for Comrad software to complete development

Private Hospital Update

Please note: registered locations are notifying patients at admission that their records will be uploaded to the MHR

Private Hospitals registered for the MHR:

Healthscope	Little Company of Mary	Ramsay Health Care
Griffith Rehabilitation Hospital Ashford Hospital Flinders Private Hospital The Memorial Hospital Parkwynd Hospital	Calvary North Adelaide Hospital Calvary Rehabilitation Hospital Calvary Wakefield Hospital Calvary Central Districts	Kathlyn Day Centre Adelaide Clinic Fullarton Private Hospital

Pharmacy Status

- 97% of Pharmacies registered for the My Health Record
- 85% of Pharmacies uploading Dispensing records to the MHR
- Sites not loading waiting for software compliancy

Software	Viewing	Uploading
FRED	Yes	Yes
Minfos	Yes	Yes
Corum/LOTS	Yes	Yes
Mountaintop	Due September 2019	

Specialists update

Slower uptake:

- Around 26 Specialists groups registered so far
- RACP and RACS are receiving support and updates from the Digital Health Agency
- Presentation to the South Australian chapters of the RACP and RACS Groups have occurred in early September
- APHN and CSAPHN are working cooperatively to support registration and set up

Allied Health

In Country SA PHN:

- Over 50 Allied Health Providers registered
- Strong interest by Physio's
- Most use by PRODA
- Allied Health mixed ability to upload
- Locations working towards compliant software

Country SA PHN Digital Health Focus

Support registration in the Healthcare Identifier Service:

- SMD interoperable functionality
- Listing of services in the Health Provider Directory function

Support uptake of SMD by Allied Health and Pharmacy

- National Accreditation Standards
- Interoperable
- Support of e-referrals

Future work: Medication Safety Roadmap

- Real time Prescription Monitoring Pilots running.
- ***Pharmacist Shared Medicines List to be available soon***
- E-prescribing activities to occur based upon the framework of the MHR, HI services and electronic transfer of prescriptions.

Collated by the Pharmacist
Pharmacy Shared Medicines List PSML to contain:

- Prescribed medication
- Non- prescription medication
- Complementary vitamins and supplements
- How and when to take medication
